Spiritualism 101 **A Bi-Weekly Online Course**

Hosted by Rev. Simeon

The First Spiritual Temple arose from the emerging Modern Spiritualist Movement of the latter half of the nineteenth century. Our founder was a free-thinking and progressive advocate of Spiritualism as an interfaith experience that had both religious and secular implications.

This 15-session online course will shed much-needed light upon what Spiritualism really is and what, in our opinion, was the goal of the events which led to the phenomena at the Fox cottage, in Hydesville, New York.

Bi-Weekly Curriculum:

1. History and Pioneers.
2. The Hydesville Events.
3. The Great Cosmic Plan.
4. Seven-Fold Human Nature.
5. Natural Law.
6. Death and Dying.
7. Life in Spirit.
8. Reincarnation and Karma.
9. The Power of Thought.
10. Mental Mediumship.
11. Physical Mediumship.
12. Healing Mediumship.
13. Meditation: Sitting in the Silence.
14. Spiritualism: Religion; Science; or Philosophy?
15. Putting It All Together.

If you have questions concerning what Spiritualism is, or if you have been told that Spiritualism is anti-religion, then this is a must-attend course.

Course Begins: Wednesday, March 1, 2023, at 7 PM ET.

You do not have to attend all classes; each session will be a class unto itself. Those not missing more than two classes will be sent a Certificate of Completion.
